RE: John R. Justice Grant Program

To Whom It May Concern,

The Division of Justice and Community Services administers the John R. Justice Loan Repayment Program, awarded by the Bureau of Justice Assistance, which provides student loan financial relief to attorneys who agree to practice in the public sector. The Division has experienced repeated issues in awarding funds directly to Navient on behalf of borrowers. In attempts to resolve these issues and prevent any foreseen mishaps, the Division has done sufficient planning and preparation before the current grant cycle. Navient borrowers will now directly receive awarded funds via a check addressed to Navient and will be responsible for mailing the payment to Navient at the correct address. This process will alleviate all complications and allow for a smooth process for Navient awardees.

I appreciate your flexibility in the matter and look forward to working with you in all future endeavors of the John R. Justice Program.

Sincerely,

Lindy K. Whitfield
Justice Programs Specialist I
