SEMI-ANNUAL PROGRESS REPORT FOR

Rural Domestic Violence, Dating Violence, Sexual Assault, and Stalking Assistance Program

Brief Instructions: This form must be completed for each Rural Domestic Violence, Dating Violence, Sexual Assault, and Stalking Assistance Program (Rural Program) grant received. A grant administrator or coordinator must ensure that the form is completed. Grant partners, however, may complete sections relevant to their portion of the grant. Grant administrators or coordinators are responsible for compiling and submitting a single report that reflects all information collected from grant partners.

All grantees should read each section to determine which questions they must answer, based on activities supported under this grant during the current reporting period. Sections B and F of this form must be completed by all grantees. In section A, subsection A1 must be answered. In section C, subsection C3 must be answered. In sections D, E, and subsections A2, C1, C2, and C4-C8, grantees must answer an initial question about whether they engaged in certain activities during the current reporting period. If the response is yes, then the grantee must complete that section or subsection. If the response is no, the rest of that section or subsection is skipped.

For example, 1) if you are a victim services agency providing training, coordinated community response and victim services with staff funded under this grant, you would complete sections A1, A2, B, C1, C3, D, and F (and answer "no" in subsections C2, C4-C8 and section E); or, 2) if you receive funds for training, coordinated community response, victim services, and law enforcement, you would complete sections A1, A2, B, C1, C3, D, E1, and F (and answer "no" in subsections C2, C4-C8 and E2-E5).

The activities of volunteers or interns should be reported if they were coordinated or supervised by Rural Program-funded staff or if Rural Program funds substantially supported their activities.

For further information on filling out this form, refer to the separate instructions, which contain detailed definitions and examples illustrating how questions should be answered.

Check yes if Rural Program-funded staff provided victim services or if Rural Program funds were used to support victim services during the current reporting period. 29. Number of victims/survivors served, partially served, and victims/survivors seeking services who were not served

Please do not answer this question without referring to the separate instructions for further explanation and examples of how to distinguish among these categories. (Report the following, to the best of your ability, as an unduplicated count for each category during the current reporting period. This means that each victim/survivor who requested or received services during the current reporting period should be counted only once and in only one of the listed categories. For purposes of this question, **victims/survivors** are those against whom the sexual assault, domestic violence, dating violence, stalking, and/or child sexual abuse was directed. If the victim/survivor experienced more than one victimization, that person should be counted only once under the primary victimization. Child victims may only be counted if they are victims/survivors of child sexual abuse. Do not report secondary victims here.)

30. Number of secondary victims served

Please do not answer this question without referring to the separate instructions for further explanation and for examples of how and when to report secondary victims. (Report the following, to the best of your ability, as an *unduplicated* count for each category during the current reporting period. This means that each secondary victim who received services during the current reporting period should be counted only once and in only one of the listed categories, which should correspond to the category of victimization of the primary victim. However, the total number of victims/survivors reported under "Race/ethnicity" should not be less than the total number of victims/survivors reported in questions 29A and 29B. The total number of victims/survivors reported under "Gender" and the total number reported under "Age" should equal the total number of victims/survivors reported in questions 29A and 29B. A case should be characterized by the most serious offense and may include numerous charges or counts. In most instances, a case will refer to one victim, one offender, and one incident. It is strongly suggested that you refer to the separate instructions for examples of how to count and characterize cases.)

Misdemeanor and felony domestic violence cases may include any assaults, battery, vandalism, or other offenses that occurred in a domestic violence incident. Your state law or tribal code does not have to name an offense "domestic violence" for a case addressing that offense to be counted here. Refer to separate instructions for a fuller explanation and examples.)

69. Provide any additional information that you would like us to know about the data submitted.

(If you have any information that could be helpful in understanding the data you have submitted in this report, please answer this question. For example, if you submitted two different progress reports for the same reporting period, you may explain how the data was apportioned to each report; or if your Rural Program funds supported staff—e.g., victim advocates, law enforcement officers, etc.—but you did not report any corresponding victim services or law enforcement activities, you may explain why; or if you did not use program funds to support either staff or activities during the reporting period, please explain how program funds were used, if you have not already done so.)
